**ROSE****2010 CHARLES B. MITCHELL VINEYARDS****WINEMAKER'S NOTES**

While hosting a tour in Coteaux aix en Provence, I was inspired by the number of pale, pink dry Rose wines. Some of these Mediterranean Wines are serious and stunning. Try this harmonious, refreshing example.

**CHARLES B. MITCHELL VINEYARDS**

Charles B. Mitchell has been producing award-winning wines in the Sierra Foothills for over 20 years. In the early 2000s, he purchased the original UC Davis test plot and started to carefully tend our grapes to create some of the area's premier Zinfandels. After discovering the true potential of the region, Charles was instrumental in creating the thirty-three square miles known as Fair Play into an established American Viticultural Area.
